General Risk Factors	Mutual Fund Investments are subject to market risks, read all scheme related documents carefully. There can be no assurance or guarantee that fund's objectives will be achieved. NAV may go up or down, depending on the factors and forces affecting the securities market. Main types are market risk, liquidity risk, credit risk and systemic risks. The names of the schemes do not in any manner indicate either quality or future prospects and returns. At times, liquidity of investments may be impaired. There is uncertainty of dividend distribution and risk of capital loss. Past performance of the Sponsor/Asset Management Company/Fund does not indicate the future performance. Investors in the schemes are not being offered any guaranteed or indicated returns.																																																
Standard Risk Factors	<p>Risk Factors - Equity Markets: Stock Market Volatility, Equity Price Risk, Dependency Risk, Temporary Investment Risk and Non-Diversification Risk and Concentration Risk, to name a few.</p> <p>Risks-Overseas Investments: Foreign Exposure and Currency Risk, Country Risk, Event Risk, Restrictions imposed overseas, Emerging Markets Risk and Regulation-Change Risk, to name a few.</p> <p>Risks from Derivative Exposures: Counter Party Risk, Market risk, Illiquidity risk and Basis Risk, to name a few.</p> <p>Risks-Debt : Credit Risk, Interest Rate Risk, Price Risk, Market Risk, Liquidity Risk, Investment Pattern Risk, Duration Risk and Non-Diversification Risk, to name a few.</p> <p>For detailed risk factors, please refer to the Scheme Information Document of the respective schemes</p>																																																
Scheme-Specific Risk Factors	<p>For detailed risk factors, please refer to the Scheme Information Document of the respective schemes.</p> <p>Applicable for all funds: Change in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors. Tax-free status for long-term capital gains and dividend will depend on the fund investing at least 65% in equity to qualify in accordance with provisions of the Income-Tax Act. If and to the extent, the portfolio includes overseas stocks, investors will be exposed to country risk, currency risk, geo-political risk, legal restrictions and regulation changes in geography other than India, to name a few (Not applicable for Sundaram Diversified Equity). Sundaram Select Focus: Higher volatility due to a concentrated portfolio. Sundaram Mid Cap Fund: Lack of liquidity at times and volatility. Sundaram Small Cap Fund: Small-cap stocks are generally more illiquid. Sundaram Large and Mid Cap Fund: Non diversification & Lack of liquidity. Sundaram Infrastructure Advantage Fund: Long gestation periods; pace at which investments materialize; incidence of taxation, government policy & firm-level inefficiency. Sundaram Rural and Consumption Fund: Vagaries of nature such as erratic monsoon, failure of crop & drought, to name a few; cyclical / seasonal factors. For any overseas investments relevant to rural-theme: country risk, currency risk and geopolitical risk. Sundaram Financial Services Opportunities: The scheme being sector specific will be affected by the risks associated with the Financial Services sector. Investing in a sectoral fund is based on the premise that the Fund will seek to invest in companies belonging to a specific sector. This will limit the capability of the Fund to invest in another sector. The fund would invest in equity and equity related securities of companies engaged in the financial services sector and hence concentration risk is expected to be high. Factors that could impinge on performance include changes in interest rates in India and overseas markets, changes in regulatory framework applicable to companies in financial services, government policy on ownership, savings patterns and deployment of such savings and levels and trends in capital market activity. Sundaram Global Brand Fund (Formerly Sundaram Global Advantage Fund): • Higher fees & expenses. Sundaram Services Fund: Investing in specific sectors can be a risky strategy, given that the sector can under-perform which may leads to all the companies in the sector under-performing newly emerging sectors within the services sector have a high risk return profile. As these tend to be small companies they carry a disproportionately high probability of failure. Also their financials tend to be weak than that of companies that are established. Engaging in securities lending will involve risks such as counter party risk, liquidity risk and other market risk. Any change in Government policies specific to the services sector will have an adverse impact on the Scheme the Scheme may use derivative instruments for the purpose of trading, hedging and portfolio balancing, as permitted under the Regulations. Usage of derivatives will expose the scheme to certain risks inherent to such derivatives. Thus, there is risk of capital loss.</p>

Central KYC

Central KYC Registry is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity. KYC means the due diligence procedure prescribed by the Regulator for identifying and verifying the proof of address, proof of identity and compliance with rules regulations, guidelines and circulars issued by the Regulators or Statutory Authorities under the Prevention of Money Laundering Act, 2002.

The Central Govt. vide notification dt. Nov, 26, 2015 has authorised Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the CKYC Registry including receiving, storing, safeguarding and retrieving the KYC records in digital form of a Client. A 14 digit CKYC identification Number (KIN) would be issued as identifier of each client.

As per PMLA (Maintenance of Records) Amendment rules, 2015, Rule 9(A), every reporting entity shall within three days after the commencement of an account based relationship with an individual, file the electronic copy of the client's KYC records with the Central KYC Registry. Institutions need to upload the common KYC template along with the scanned copy of the certified supporting documents (Pol/PoA), cropped signature and photograph. SEBI vide its circular dated November 10, 2016 has advised all mutual funds to upload the KYC records of all existing customers into the CKYC database.

Since the records are stored digitally, it helps intuitions de-duplicate data so that they don't need to do KYC of customers multiple times. It helps institutions find out if the client is KYC compliant based on Aadhaar, PAN and other identity proofs. If the KYC details are updated on this platform by one entity, all other

institutions get a real time update. Thus, the platform helps firms cut down costs substantially by avoiding multiplicity of registration and data upkeep.

Please note that PAN is mandatory for investing in MF's (Except Micro KYC and other exempted scenarios). If CKYC is done without submission of PAN/Aadhaar, then he/she will have to submit a duly self-certified copy of the PAN card alongwith KIN.

First time investing Financial Sector (New investor) New to KRA-KYC: while on boarding investors who are new to the MF & do not have KYC registered as per existing KRA norms, such investors should fill up CKYC form (attached). This new KYC form is in line with CKYC form guidelines and requirements and would help to capture all information needed for CKYC as well mandatory requirements for MF. Investors should submit the duly filled form along with supporting documents, particularly, self-certified copy of the PAN Card as a mandatory identity proof. If prospective investor submits old KRA KYC form, which does not have all information needed for registration with CKYC, such customer should either submit the information in the supplementary CKYC form or fill the CKYC form.

Investors who have obtained the KIN through any other financial intermediary, shall provide the 14 digit number for validation and updating the KYC record.
