

Letter to Investors

20/11/2021

Dear Investor

Sub: Proposal for merger of Sundaram Arbitrage Fund and Principal Arbitrage Fund.

Thank you for investing in Sundaram Mutual Fund schemes. We are pleased to inform you that Sundaram Asset Management Company Limited ('**SAMC**') and Sundaram Trustee Company Limited ('**STC**'), the Asset Management Company and Trustees of Sundaram Mutual Fund respectively have entered into a Share Purchase Agreement with Principal Financial Services Inc., USA to acquire Principal Asset Management Private Limited ('**PAMPL**') and Principal Trustee Company Private Limited ('**PTCPL**') the Asset Management Company and Trustees of Principal Mutual Fund respectively. Pursuant to this, the schemes of Principal Mutual Fund ('**PMF**') will be transferred to and form part of Sundaram Mutual Fund ('**SMF**'). STC will take over the trusteeship of the PMF Schemes from PTCPL, SAMC will take over the rights to manage the PMF Schemes from PAMPL and become the investment manager of PMF Schemes, and Principal Financial Services Inc., USA, (acting through its wholly owned subsidiaries Principal Financial Group (Mauritius) Ltd. and Principal International India (UK) Ltd.), the existing sponsor of Principal Mutual Fund ('**PMF Sponsor**') shall cease to be the sponsor of PMF and Sundaram Finance Limited, ('**SMF sponsor**') will become the sponsor of the schemes of PMF schemes (collectively referred to as "**Transaction**").

Proposal

We would like to inform you that the Board of Directors of SAMC and STC have approved the merger of **Sundaram Arbitrage Fund**, an open ended scheme investing in arbitrage opportunities, (also referred to as "**Transferor Scheme**") into **Principal Arbitrage Fund**, an open ended scheme investing in arbitrage opportunities (also referred to as "**Transferee Scheme**") and rename the surviving scheme as "**Sundaram Arbitrage Fund**". Further, the Trustees have decided to merge a few schemes of SMF with PMF schemes and vice versa. Please refer the addendum dated 20/11/2021 for the merger of other schemes.

SEBI vide its letter no. SEBI/HO/IMD/IMD-I DOF5/P/OW/2021/32846/1 dated 16/11/2021 and letter no. SEBI/HO/IMD-II/DOF-10/P/OW/33372/2021 dated 18/11/2021 has also conveyed it's no objection to the Transaction and the proposed merger of schemes respectively.

Exit Option: Unit holders who are not in agreement with the proposed merger and wish to redeem are given an option to exit i.e., redeem /switch their units to other Schemes of Sundaram Mutual Fund available for subscription without payment of exit load for a period of 30 (thirty) days between 25/11/2021 and 24/12/2021 (both days inclusive). **Unitholders may note that the offer to exit is merely an option and not compulsory.**

Rationale for merger

On successful completion of the Transaction ("**Completion**"), Sundaram Mutual Fund will have in its product suite, schemes which are similar in nature. In order to avoid the existence of similar schemes and to comply with SEBI's scheme categorization circulars and in the interest of the investors, it is proposed to merge **Sundaram Arbitrage Fund** with **Principal Arbitrage Fund** and will be renamed as **Sundaram Arbitrage Fund**.

Effective Date of above changes

The proposed merger as stated above is subject to Completion and will come into effect from the close of business hours on the date of Completion ("**Effective Date**").

Prior to the date of Completion, SAMC will issue a public notice informing the unit holders of the Sundaram MF schemes about the Completion and the Effective Date.

Proposal for Merger of Schemes

Sundaram Arbitrage Fund (Arbitrage Category) was launched in February 2020, an open ended scheme investing in arbitrage opportunities.
Principal Arbitrage Fund (Arbitrage Category) was launched in April 2016, an open ended scheme investing in arbitrage opportunities.

Name of the Scheme	Sundaram Arbitrage Fund (Transferor Scheme)	Principal Arbitrage Fund (Transferee scheme)	Sundaram Arbitrage Fund (Proposed new name / Surviving Scheme)
Type of Scheme	An open ended scheme investing in arbitrage opportunities.	An open ended scheme investing in arbitrage opportunities	An open ended scheme investing in arbitrage opportunities
Investment Objective	To generate income with minimal volatility by investing in equity, arbitrage strategies which fully offset the equity exposure and investments in debt instruments. However, there can be no assurance that the investment objective of the Scheme will be realized.	The investment objective of the Scheme is to generate capital appreciation and income by predominantly investing in arbitrage opportunities in the cash and derivative segments of the equity markets and the arbitrage opportunities available within the derivative segment and by investing the balance in debt and money market instruments. There is no assurance or guarantee that the investment objective of the Scheme will be realized.	To generate income with minimal volatility by investing in equity, arbitrage strategies which fully offset the equity exposure and investments in debt instruments. However, there can be no assurance that the investment objective of the Scheme will be realized.
Investment Strategy	The Scheme will seek to achieve its objective by investing in equity, arbitrage opportunities that fully offset the equity investments and debt/money market instruments. Investment in equities would be a blend of top down and bottom-up approach without any market capitalization bias. Arbitrage opportunities would seek to exploit mispricing between cash and derivative market. The fund will not have any net long equity and all equity positions will be hedged fully. i.e., the equity portion of the scheme will be hedged 100% at all times. The Scheme will also invest in debt and money market instruments.	The Scheme will endeavour to invest predominantly in arbitrage opportunities between spot and futures prices of exchange traded equities. In absence of profitable arbitrage opportunities available in the market, the scheme may predominantly invest in short-term debt and money market securities. The fund manager will evaluate the difference between the price of a stock in the futures market and in the spot market. If the price of a stock in the futures market is higher than in the spot market, after adjusting for costs and taxes the scheme shall buy the stock in the spot	The Scheme will endeavour to invest predominantly in arbitrage opportunities between spot and futures prices of exchange traded equities. In absence of profitable arbitrage opportunities available in the market, the scheme may predominantly invest in short-term debt and money market securities. The fund manager will evaluate the difference between the price of a stock in the futures market and in the spot market. If the price of a stock in the futures market is higher than in the spot market, after adjusting for costs and taxes the scheme shall buy the stock in the spot

	Sundaram Arbitrage Fund (Transferor Scheme)	Principal Arbitrage Fund (Transferee scheme)	Sundaram Arbitrage Fund (Proposed new name / Surviving Scheme)
	<p>The returns from the Scheme would come from the following:</p> <p>Arbitrage Opportunities: The market provides opportunities to derive returns from the implied cost of carry between the underlying cash market and the derivatives market. This provides for opportunities to generate returns that are possibly higher than short term interest rates with minimal active price risk on equities. Implied cost of carry and spreads across the spot and futures markets can potentially lead to profitable arbitrage opportunities. For e.g. Cash Futures Arbitrage: The scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The Scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return.</p> <p>Buying the stock in cash market and selling the futures results into a hedge where the scheme has locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the futures contracts. There is a convergence between the cash market and the futures market on expiry. This convergence helps the scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. Also, in case the Scheme has to unwind the positions prior to the expiry on account of redemptions or any other reason, the returns would depend on the spread between the spot and futures price at which the position is unwound.</p> <p>Debt and Money Market Instruments: The Scheme may invest up to 35% in normal circumstances of the net assets of the Scheme into debt and money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme may also invest in the schemes of mutual Funds</p>	<p>market and sell the same stock in equal quantity in the futures market, simultaneously. For example, on December 4, 2020, the scheme buys a share of XYZ Company on spot @ Rs. 1000 and at the same time sells XYZ Company futures for December 2020 expiry @ Rs. 1020.</p> <p>The Scheme thus enters into a fully hedged transaction by selling the equity position in the futures market for expiry on say December 25, 2020. If the scheme holds this position till expiry of the futures, the scheme earns profit of Rs. 20 on the date of expiry before accounting for trading costs and taxes. In case the scheme has to unwind the transaction prior to the expiry date on account of redemption pressures or any other reason, the returns would be a function of the spread at which the transaction is unwound.</p> <p>For example, if spot is sold at Rs. 980 and the futures are bought at Rs. 1010 then there would be negative returns on the trade. If the spot is sold at Rs. 1020 and the futures are bought at Rs. 1015 then there would be positive returns from the trade. On the date of expiry, if the price differential between the spot and futures position of the subsequent month maturity still remains attractive, the scheme may rollover the futures position and hold onto the position in the spot market.</p> <p>In case such an opportunity is not available, the scheme would liquidate the spot position and settle the futures position simultaneously. Rolling over of the futures transaction means unwinding the short position in the futures of the current month and simultaneously shorting futures of the subsequent month maturity while holding onto the spot position. There could also be occasions when both the spot and the future position is unwound before the expiry of the current-month future to increase the base return or to meet redemption.</p> <p>Return enhancement through the use of arbitrage opportunity would depend primarily on the availability of such opportunities. The Scheme will strive to build similar market neutral positions that offer an arbitrage potential for e.g. buying the basket of index constituents in the cash segment and selling the index futures.</p> <p>The Scheme would also look to avail of opportunities between one futures contract and another. For example on 16 December 2020, the scheme buys 1000 futures contracts of ABC Ltd. for December expiry at Rs.3000 each and sells an equivalent 1000 futures contract of ABC Ltd. for January expiry at Rs.3030. Thereby the scheme enters into a fully hedged transaction. Closer to the expiry date of the December contract, the scheme has two options.</p> <p>1) Unwind the transaction by selling the 1000</p>	<p>market and sell the same stock in equal quantity in the futures market, simultaneously. For example, on December 4, 2020, the scheme buys a share of XYZ Company on spot @ Rs. 1000 and at the same time sells XYZ Company futures for December 2020 expiry @ Rs. 1020.</p> <p>The Scheme thus enters into a fully hedged transaction by selling the equity position in the futures market for expiry on say December 25, 2020. 		<p>December contracts and buying 1000 January contracts of ABC. The returns are a function of the spread between the sale price of the January contract and the buy price of the December contract. If this spread is less than Rs. 30, the returns are positive else the returns are negative.</p> <p>2) On the expiry date i.e. 30 December, 2020, the scheme would let the December contract expire and square off 1000 contracts that it holds for January maturity.</p> <p>The returns would be a function of the spread between settlement price of the December contract and the price at which January contracts are squared-off. If this spread is lower than Rs. 30 then the returns are positive and if it is higher than Rs. 30 the returns are negative. The Scheme can also initiate the transaction in the opposite direction i.e., by selling the December futures and buying the January futures, if it sees a profit potential. Under all circumstances the scheme would keep its net exposures neutral to the underlying direction of the market by maintaining completely hedged positions. In addition to stock specific futures, the scheme can also take offsetting positions in index futures of different calendar month.</p> <p>The debt and money market instruments include any margin money that has to be maintained for the derivative position. The margin money could also be maintained partly as Fixed deposits with Scheduled commercial banks. The Scheme would invest in a range of fixed income and money market instruments including units of Debt/Liquid/Money Market Mutual Fund Schemes.</p> <p>Further the Scheme may also invest in financial derivatives such as options and futures & Interest Rate Swap (IRS) that are permitted or may become permissible under SEBI/RBI Regulations. The proportion of assets to be so invested would be decided by the AMC at the appropriate time, and would be done in accordance with the relevant guidelines to be issued by SEBI/RBI and other authorities.</p>	<p>the spread between the sale price of the January contract and the buy price of the December contract. Please refer Annexure enclosed herewith for more details pertaining to the Transferor Scheme and Transferee Scheme.			

Exit Option

As per Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996, changes in fundamental attributes can be carried out only after the unit-holders of the concerned scheme have been informed of the change by way of a written communication and an option to exit the scheme within a period of 30 (thirty) days at the prevailing NAV without any exit load is provided to them. As per SEBI circular No. SEBI/MFD/CIR/05/12031/03 dated June 23, 2003, merger of Transferor Scheme with Transferee Scheme will be treated as change in fundamental attributes of the Scheme. Since the proposed merger shall change the features/provisions of the Transferor Scheme and the interest of the Unit-holders of the Transferor Scheme will be affected, the proposed merger will be treated as change in fundamental attributes of the Transferor Scheme in terms of SEBI circular No. CIR/IMD/DF/15/2010 dated October 22, 2010.

Hence, the investors of the transferor scheme who do not agree to the proposed merger are given an option to exit without any exit load. Please refer the addendum dated 20/11/2021 for the scheme wise merger and also the scheme related information published on the website www.sundarammutual.com.

The Unit Holders who do not wish to consent to the merger described above, are provided an option to exit their investment in the **Sundaram Arbitrage Fund** at the prevailing net asset value (“NAV”) without any exit load, for a period of 30 (thirty) days from 25/11/2021 and 24/12/2021 (both days inclusive). However, for investments made during the exit window period, there will be no waiver of exit load.

The NAV applicable, for investors who choose to exercise the exit option would be based on the date/time of receipt of redemption/switch request during business hours on a business day. The Exit Option can be exercised from 25/11/2021 and 24/12/2021 (both days inclusive and up to 3.00 pm on 24/12/2021), by submitting the redemption/switch request at any of the SAMC /RTA Branches or through electronic modes such as Sundaram Mutual Fund website (www.sundarammutual.com) or other platforms like Stock Exchanges, MFU, Fintech portal, etc.

Investors are requested to note that redemption /switch requests can also be sent to etrxn@sundarammutual.com. This email server is dedicated for receiving redemption /switch requests during the exit window period. These documents shall only be accepted if they are in TIFF/PDF/JPG format and the file size not exceeding 2 MB. For transactions request through email, Please refer addendum dated 24/04/2021 for more information.

For units held in dematerialised mode, the redemption/switch request will have to be submitted to the respective Depository Participant. It may be noted that the redemption/switch transactions shall not be processed if the unit holders have not completed PAN/KYC requirements. The redemption proceeds will be mailed / credited within 10 business days of receipt of valid redemption request.

In compliance to SEBI categorization requirements, certain number of SMF schemes are proposed to be merged on account of the completion of the Transaction on the effective date. Investors are advised to read the scheme related documents of the target schemes carefully before deciding the switch transactions.

If the unitholders of **Sundaram Arbitrage Fund** do not exercise their exit option by

3:00 pm on 24/12/2021, they shall be deemed to have consented to the merger. However, any redemption/Switch outs post the closure of exit window period will be processed with applicable load, if any.

Consequences of Merger

As a result of the above merger, no new scheme will come into effect. On the Effective Date, Sundaram Arbitrage Fund will cease to exist and the unit holders of **Sundaram Arbitrage Fund (Transferor Scheme)** as on the Effective Date will be allotted units under the Plans/Options of **Principal Arbitrage Fund (Transferee Scheme)** as stated below at the Applicable Net Asset Value (“NAV”) as on the close of business hours on the Effective Date. The Units allotted in the Transferee Scheme shall be treated as fresh subscription. Accordingly, all provisions under the “surviving scheme” will apply including exit load. The period of holding for the purpose of exit load will be computed from the date of allotment of such units in the Transferor Scheme. Post merger, the Scheme will be renamed as **Sundaram Arbitrage Fund**.

The units of Growth option and IDCW option under Regular/Direct plans of **Sundaram Arbitrage Fund** shall be transferred to the respective Growth and IDCW options under Regular/Direct plans of **Principal Arbitrage Fund**.

Option/Sub Option	Holding in Plan & Option under the Transferor scheme	Allocation in Plan & Option under Transferee/ Surviving Scheme	IDCW Policy* of surviving scheme
Growth	Growth	Growth	N.A
IDCW Payout	IDCW Payout	Monthly IDCW Payout	17th of every month
IDCW Reinvestment	IDCW Reinvestment	Monthly IDCW Reinvestment	17th of every month
IDCW Transfer	IDCW Transfer	Monthly IDCW Transfer	17th of every month
IDCW – Income distribution cum capital withdrawal option			

*If the record date falls on a non-business day, then the previous business day will be considered as record date for declaration of IDCW.

Quantum of IDCW: Base NAV will be fixed. Available surplus over and above the base NAV will be distributed.

In case of non-availability of NAV under the Regular or Direct plan of the surviving scheme, units shall be allotted in the option based on the NAV of corresponding option of Regular or Direct plan respectively. In case no similar option is available, NAV of Growth option under Regular/Direct plan shall be applied.

The requirement of PAN/KYC and minimum application amount for fresh and additional purchase of units as applicable for transferee scheme, shall not be applicable in respect of units allotted to the unitholders of transferor scheme on account of the merger.

Unitholders may note that the offer to exit is merely an option and not compulsory. However, the exit option will not be available to those unitholders who have pledged their units and on which the Mutual Fund has marked a lien unless the release of pledge is obtained and communicated to the SAMC / RTA branches before applying for redemption/switch. Unit holders holding Units in dematerialized form may approach their Depository Participant for such changes. In case units have been frozen/locked pursuant to an order of a government authority or a court, such exit option can be executed only after the freeze/lock order is vacated and on receipt of valid redemption request to those unitholders who choose to exercise their exit option.

The Effective date shall be considered as the merger date of **Sundaram Arbitrage Fund** and **Principal Arbitrage Fund**. Please refer the Scheme Information Documents for further details on the scheme.

In case of unit holders of **Sundaram Arbitrage Fund**, who had registered for SIP/STP/SWP/IDCW Transfer, have consented to continue their investments i.e., do not opt for the Exit Option, then such SIP/STP/SWP/IDCW Transfer registrations will continue to be processed in **Principal Arbitrage Fund** (to be renamed as **Sundaram Arbitrage Fund**).

However, unit holders who do not wish to continue the SIP/STP/SWP/IDCW Transfer, must apply for cancellation of their registrations.

STPs in/IDCW Transfers registered in **Sundaram Arbitrage Fund** will continue to be processed in the surviving scheme. The corresponding units will be allotted in

the surviving scheme of target scheme in case of merger.

Further, no fresh subscription including switch ins and registration of systematic investment plan (‘SIP’) /Systematic Withdrawal Plan (‘SWP’) /Systematic Transfer Plan (‘STP’) / other special facilities will be accepted in the Transferor Schemes after the Effective Date.

The AMC believes that the merger of **Sundaram Arbitrage Fund** with **Principal Arbitrage Fund** will add value to the investors and the AMC is looking forward to your continued investment.

Tax Implications

There would not be any tax implication due to the merger. Transfer of units upon consolidation of mutual fund schemes of two or more schemes of equity-oriented fund or two or more schemes of a debt- oriented fund in accordance with SEBI (Mutual Funds) Regulations, 1996 is exempt from capital gains. i.e., any transfer by a unit holder of a capital asset, being unit or units, held by him in the consolidating scheme of a mutual fund, made in consideration of the allotment to him of a capital asset, being a unit or units, in the consolidated scheme would not be considered as “transfer” by virtue of the provisions of section 47(xviii) of Income Tax Act, 1961 and hence the gains on transfer not chargeable to tax.

For any redemption/switch transactions post the merger, the following points will be considered for taxation.

- For the purpose of classifying capital asset into long term or short term, the period of holding of units acquired in the consolidation of schemes of mutual fund shall include the period for which units in consolidating schemes was held by the unitholder in terms of the provisions of section 2(42A) of Income Tax Act.
- Further Section 49(2AD) provides that the cost of acquisition of the units acquired by the unitholder in the consolidated scheme of mutual fund in consideration of transfer referred in section 47(xviii) shall be deemed to be the cost of acquisition to him of the units in the consolidating scheme of mutual fund.

However, redemption and/or switch of units from **Sundaram Arbitrage Fund** during the exit window period shall be considered as redemption and will result in short term/long term capital gain/loss in the hands of the unit holders depending on the period of holding of the investment.

In case of NRI investors, TDS shall be deducted in accordance with applicable tax laws for redemption/switch-out of units from Transferor Scheme during the exit window period and same would be required to be borne by such investor only.

Securities Transaction Tax (STT) on redemption / switch-out of units, if any, exercised during the exit window period in **Sundaram Arbitrage Fund** shall be borne by the AMC.

Securities Transaction Tax (STT) on extinguishment of units under Merging Scheme and allotment under the Surviving Scheme upon merger of schemes, shall not be levied.

In view of the individual nature of tax consequences, unit holders are advised to consult the professional tax advisor with regard to tax and other financial implications arising out of their participation in merger of schemes.

This letter has been issued only to the investors who hold units as per the latest details available in RTA records.

All other terms and conditions of the Scheme Information Document / Key Information Memorandum / Statement of Additional Information will remain unchanged.

The request for reissue/ revalidation of instruments towards unclaimed redemption / dividend should be made by the Investor to SAMC or RTA Branches.		

Illustration of merger

Illustration of the manner in which units of **Sundaram Arbitrage Fund** (Transferor Scheme) would be allotted as units in **Principal Arbitrage Fund** (Transferee/Surviving Scheme)

The market value of units of **Sundaram Arbitrage Fund** as on the merger date shall be treated as the subscription value to determine the number of units to be allotted at the NAV of **Principal Arbitrage Fund** on the effective date. An illustration explaining the same is as follows: (All figures in the table below are purely for illustrative purposes only).

Assumed date of the merger	30-November-21
NAV of Transferor scheme as on November 30, 2021 (A) – Face Value Rs.10	Rs.22.50
Units outstanding in Transferor Scheme as on November 30, 2021 (B)	10,000
Outstanding value in Transferor before merger (C)=(A)X(B)	Rs.225,000
NAV of Transferee Scheme as on November 30, 2021 (D) – Face Value Rs.10	Rs.15.00
Allotment of units in Transferee Scheme (E)=(C)/(D)	15,000
Value of units post merger (F)=(D)X(E)	Rs.225,000

In case of any pledge/ lien/ other encumbrance marked on any units in the Transferor Scheme, the same shall be marked on the corresponding number of units allotted in the Surviving Scheme.

Performance of schemes - Data as of 31-October-2021

Period	Sundaram Arbitrage Fund	Nifty Arbitrage TRI (Benchmark)	Principal Arbitrage Fund	Nifty Arbitrage TRI (Benchmark)
1 year	3.4	3.9	2.4	3.9
3 year	N.A	N.A	2.9	4.3
5 year	N.A	N.A	2.6	4.5
Since Inception	3.6	2.9	3.0	4.7

Returns are on a compounded annual basis for period more than one year and simple annualised basis for up to one-year period and computed using NAV of Regular Plan-Growth Option.

FATCA-CRS Instructions	Signature
Details under FATCA-CRS/Foreign Tax Laws: The Central Board of Direct Taxes has notified Rules 114F to 114H, as part of the Income Tax Rules 1962, which Rules require Indian financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our account holders. In certain circumstances (including if we do not receive a valid self-certification from you) we may be obliged to share information on your account with relevant tax authorities/appointed agencies. If you have any questions about your tax residency, please contact your tax advisor. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. As may be required by domestic or overseas regulators/ tax authorities, we may also be constrained to withhold and pay out any sums from your account or close or suspend your account(s). If you are a US citizen or resident or greencard holder, please include United States in the Country of Tax Residence field along with your US Tax Identification Number. Foreign Account Tax Compliance provisions (commonly known as FATCA) are contained in the US Hire Act 2010. It is mandatory to supply a TIN or functional equivalent if the country in which you are tax resident issues such identifiers. If no TIN is not available or has not yet been issued, please provide an explanation with supporting documents and attach this to the form.	First / Sole Applicant /Guardian

Disclaimer

Standard Risk Factors: Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. • As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down. • Past performance of the Sponsor/Investment Manager/Mutual Fund does not guarantee future performance of the Scheme. • The names of each Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns. • The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs 1 lakh made towards setting up the Fund. • The Scheme is not a guaranteed or assured return Scheme.

General Risk Factors: • Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved. • The main types of risks to which the Scheme is exposed are risk of capital loss, market risk, currency risk, liquidity risk, credit risk, counter party default risk, to name a few. • As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets. • The NAV may be affected by factors such as market conditions, level of interest rates, market-related factors, trading volumes, settlement periods, transfer procedures, price/interest rate risk, credit risk, government policy, volatility and liquidity in markets, exchange rate, geo-political development, to name a few. • Trading volumes in the securities in which the Scheme invest may inherently restricts the liquidity of the Scheme's investments. • Change in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme. • The tax benefits available under the Scheme is as available under the present taxation laws and subject to relevant conditions. The information given is included for general purposes only and is based on advice that the Investment Manager has received regarding the law and the practice that is now in force in India. • Unit holders should be aware that the relevant fiscal rules and their interpretation might change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor/Unit holder is advised to consult his/her own professional tax advisor. • Investors/unit holders are also urged to read the detailed clause(s) titled 'Special considerations'. • FATCA imposes tax withholding upto 30% on any payments (including redemption and IDCW proceeds) made by the Fund/AMC to a US Person classified as recalcitrant account holder in respect of whom the applicable documentation and reporting requirements are not met. This is only an illustrative list and not an exhaustive list factors that could affect the NAV of the Scheme.

Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
